

MIRROR SHIELD

PROTECT YOUR MIRRORED SURFACES

Mirror Shield offers the reflective look of a mirror, while providing protection to the surface underneath. If a mirror is previously vandalized or corroded, the installation of Mirror Shield can prevent the need to replace the mirror as the reflective appearance of the film masks the existing condition while adding protection from further damage. This material is printable.

- Improves look of aged, corroded mirrors and/or protects from graffiti vandalism
- Proprietary adhesive that cleanly releases from the surface, but withstands removal attempts from general public
- Ability to print directly to the film enables the use of logos, safety information and other promotional messaging

Surfaces protected by Mirror Shield products include:

- Mirrors
- Retail Mirrors
- Medical Facility Mirrors
- Fast Food Mirrors
- Gas Station Mirrors
- Wall Panels
- Educational Facility Mirrors
- Restaurant Mirrors
- Amusement Park Mirrors

Did you know that Mirror Shield is up to 67% less than replacing the mirror. This drastic savings not only makes business sense, but it's better for the environment and your bottom line.
