

GLASS SHIELD

PROTECT YOUR GLASS SURFACES

Glass Shield is a 4 and 6 mil thick clear graffiti abatement film designed as a clear, undetectable sacrificial coating on glass or other surfaces.

- Clear, undetectable sacrificial coating on glass, acrylic, or other surfaces
- Proprietary adhesive that cleanly releases from the surface, but withstands removal attempts from general public
- Available in precut pieces with unique part numbers for quick and easy identification and replacement
- Also available in 6mil and 12mil IR blocking tinted film, providing the benefits of anti graffiti film with solar control properties

Common damage that can occur include:

- Acid etching
- Sharp object etching
- Sand paper, construction
- Wear and Tear
- Hard Water
- Common vandalism

Did you know that Glass Shield is up to 64% less than replacing the window. This drastic savings not only makes business sense, but it's better for the environment and your bottom line.

• Less Embodied Energy Than Replacing Glass • Earns LEED Credits
